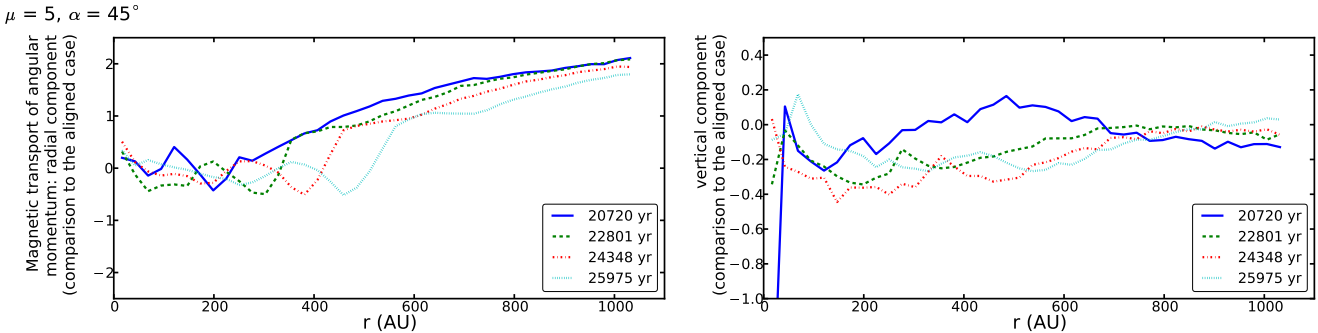
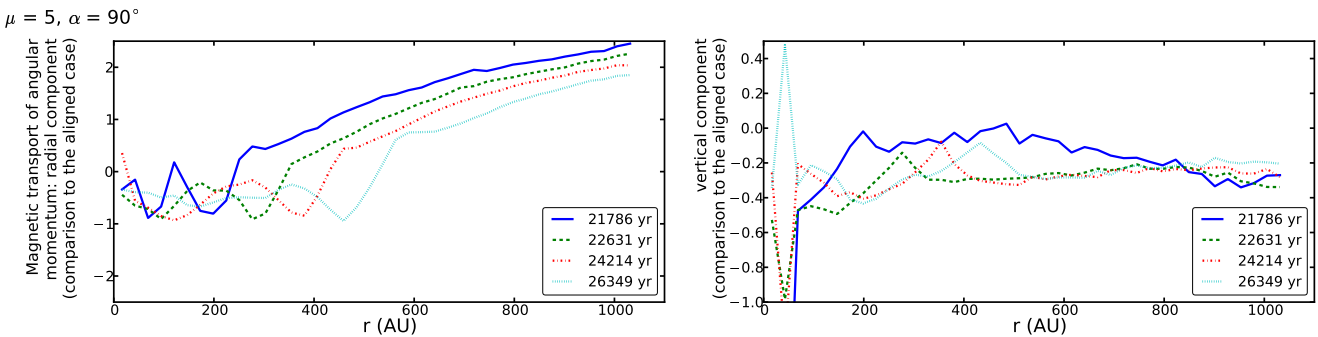
μ = 5, α = 0°
Magnetic transport of angular momentum: radial component (cm² s⁻²)
vertical component (cm² s⁻²)
r (AU)
20875 yr
22695 yr
24384 yr
26057 yr

(a)



μ = 5, α = 45°
Magnetic transport of angular momentum: radial component (comparison to the aligned case)
vertical component (comparison to the aligned case)
r (AU)
20720 yr
22801 yr
24348 yr
25975 yr

(b)



μ = 5, α = 90°
Magnetic transport of angular momentum: radial component (comparison to the aligned case)
vertical component (comparison to the aligned case)
r (AU)
21786 yr
22631 yr
24214 yr
26349 yr

(c)
