Key words. stars: solar-type – stars: evolution – stars: fundamental parameters – binaries: eclipsing – errata, addenda

An error has been noted in the linear ephemeris for AI Phe, shown in Eq. (2) of the paper. The correct ephemeris is

This is typographical error and has no effect on any of the timing analysis presented in the paper.

$HJD \text{ Pri. Min.} = 2\,455\,805.24370(21) + 24.592483(17) E. \quad (2)$
